**A**s COA winds down for the end of the year, we still have a lot of upcoming events we are excited about. We are currently wrapping up ELPAC testing, and have just started CAASPP testing. It is very important for us to know how our students perform on this year's CAASPP testing, so we can use the data to continue to offer support for our students to help close

the learning gap caused by the pandemic. CAASPP testing take place for all students in 3rd-5th grade and we need students on campus in order to complete the testing. We are obligated by the state to test our students, so please help us by having them attend school from now till May.

We are currently finalizing all of our plans for the end-of-year events. We are excited to bring back events that we haven't been able to have in the past two years. Our Annual Transportation Parade, which is put on by our wonderful Kindergarten classes, will take place on May 6th. Also, our Annual Cultural Fair will be held in person on May 19th. We look forward to this event every year and cannot wait to celebrate with all of our students and families. We are also excited to announce our Trimester 3 assemblies and graduations will be held in person. We love to honor and celebrate our students and their achievements and not being able to run these events in person have made them not feel quite the same. We look forward to seeing all of our students and their families there to celebrate all of their accomplishments together. We may have not started out the year with a feeling of normalcy but we are beyond thrilled to end the year with it. We are a family and we need to be able to celebrate these events together and embrace the wonderful moments. 2022 will end strong and 2023 will start even stronger. Thank you all of our staff, students and families for making COA such an amazing school.

Nicole Strobel, Vice Principal / COA K-5

Учебный год в школе СОА подходит к своему завершению, но впереди нас ожидает еще много интересных и увлекательных мероприятий. В настоящее время заканчивается тестирование ELPAC (English Language Proficiency Assessments for California) и начинается сдача калифорнийский тестов CAASPP (California Assessment of Student Performance and Progress). Для нас очень важно знать, как наши студенты справятся со сдачей тестов CAASPP в этом году. Результаты и данные этих тестов мы будем использовать для того, чтобы разрабатывать дополнительные программы для поддержки наших учащихся, с целью помочь сократить пробелы в обучении, вызванные пандемией. Тестирование CAASPP проводится для всех учащихся 3-5 классов, и студенты должны находиться на школьных кампусах, чтобы пройти тестирование. По закону, мы обязаны проверять успеваемость всех наших учеников, поэтому, пожалуйста, помогите нам в этом, обеспечивая регулярное посещение вашими детьми школы.

В настоящее время мы также завершаем составление плана мероприятий на конец этого учебного года. Мы очень рады, чтобы сможем снова провести школьные мероприятия, которых не было в течение последних двух лет из-за пандемии. Так, наш Ежегодный Парад Транспорта, который организуют подготовительные классы, состоится 6 мая. Кроме этого, 19 мая состоится школьная Ежегодная Культурная Ярмарка. Мы с нетерпением ожидаем этого грандиозного события каждый год и будем его отмечать на территории школы вместе со всеми нашими студентами и семьями. Мы также рады сообщить вам, что все студенческие собрания и выпускные вечера в третьем триместре будут проводиться очно. Мы любим награждать и поощрять наших студентов за их успехи и достижения, но, к сожалению, последние годы мы не имели возможности делать это лично. В этом году, мы с нетерпением ждем встречи со всеми нашими учениками и их семьями в школе, чтобы вместе отпраздновать все их достижения. Как школа, мы все одна семья и мы должны иметь возможность вместе отмечать эти события и наслаждаться всеми прекрасными моментами школьной жизни. Мы успешно завершаем 2022 учебный год и верим, что 2023 год будет еще успешней. Спасибо всем нашим сотрудникам, ученикам и семьям за то, что сделали школу СОА такой замечательной и успешной.

Nicole Strobel,

Заместитель директора начальной школы СОА K-5

Dear Parents and Former Students of COA,

Community Outreach Academy K-8 (COA) has started a project entitled "I WAS A STUDENT AT COA!" If you or your children ever attended COA Elementary (K-5) or COA Middle (6-8), please write to us about it. We are working on creating a database of information about our former students (where they are currently employed, where they are studying or what college or university they've graduated from). We will periodically publish their success stories in print media and social media. If you agree to take part in this project, we will be very grateful. You can submit the informational survey for "I WAS A STUDENT AT COA!", as well as any questions to the email: [ivan.leshchuk@gcccharters.org](mailto:ivan.leshchuk@gcccharters.org). Thank you for your continued support of Community Outreach Academy K-8 (COA)!
